

Scott Hill Park & Sports Complex Project Fact Sheet

2016

General Information

In 2011, the City of Woodland purchased approximately 40 acres of land on the top of Scott Hill. This land has been designated for use as a sports complex. The Rotary Club of Woodland is partnering with the City to build Scott Hill Park and Sports Complex by creating the vision for the park and sports complex, raising funds needed to build the park, overseeing park construction, and planning for sustainable operations and management of the park.

Overall Park Program

The Scott Hill Park & Sports Complex design program includes the following elements:

Baseball Complex:

- 1 – Full Size Synthetic Turf Baseball Field – 325 ft to 375 ft Outfield Fence
- 1 – Full Size Natural Turf Baseball Field – 325 ft to 375 ft Outfield Fence
